Greetings to the Citizens of Sparwood, B.C.
In the year 2024
From the Hospital Employees' Union Local 180
In the year 1984

At present our Union consists of 31 members listed below.
Our members work in Dietary, Maintenance, Housekeeping, Laundry,
Clerical, Licenced Practical Nurses, Central Supply Room and
Laboratory Aide.

During this time of restraint we, as a Union, have worked well
with our Administrators and Co-Workers. We have been able to
keep giving the patients of Sparwood General Hospital excellent
care, and having the Hospital function as well now as it was in
the times when restraint wasn't a necessity. We have negotiated
in good faith and have a new contract in progress.

The Sparwood Unit was formed in 1968. The wages at that time
were an average of \$10.00 per day. This year 1984 the average
wage is \$80.00 per day.
